

NGUYEN MINH DOAN

Full Stack Developer

Scarborough, ON, M1B 1V8 | (647)-640-7815 [email](#) | [github](#) | [linkedin](#)

Full Stack Developer with 4+ years of experience building secure, scalable software applications. Proficient in C#, .NET, React, and Ionic, with expertise in microservices, APIs, and database design. Currently pursuing a Post-Graduate Certificate in AI - Software Engineering Technology at Centennial College.

EDUCATION

Centennial College, Toronto, ON

Post-Graduate Certificate in Artificial Intelligence - Software Engineering Technology (Fast-Track)

Jan 2025 – Present

Hoa Sen University, Ho Chi Minh City, Vietnam

Bachelor's Degree in Information Technology

2018 – 2023

- Graduated Cum Laude

EXPERIENCE

Full Stack Developer

August 2024-Present

PONT Project, UK (Remote)

- Designed and implemented backend services using C# and .NET, focusing on microservice architecture.
- Authored the Technical Design and Analysis of YOTI Integration Document to integrate identity verification services.
- Developed RESTful APIs and services to handle onboarding and secure data management.
- Designed and managed SQL Server database schemas to ensure efficient and reliable data storage.
- Built responsive onboarding pages and white-label integration using Ionic and React.
- Leveraged Docker for containerization, streamlining microservice deployment and scalability.
- Worked with Identity Server and Identity Core for secure authentication and role-based access control.

Full Stack Developer

Aug 2021 – Mar 2023

Nextway Technology, Vietnam

- Delivered scalable CRM solutions using PHP, Symfony, JavaScript, Vue.js, and MySQL.
- Gathered and analyzed client requirements to design tailored functionalities.
- Developed Vue.js single-file components for interactive user interfaces and implemented responsive designs.
- Built RESTful APIs to connect frontend components with backend services.

SKILLS

- Programming Languages: C#, JavaScript, PHP, Java, SQL
- Frameworks/Platforms: .NET, Identity Server, CakePHP, React, Ionic, Angular, Symfony, Vue.js
- Tools & Technologies: Docker, SQL Server, MySQL, Microservices, RESTful APIs, Git
- Other Skills: Technical Documentation, Database Design, Agile Development

AWARDS

- **1st Place** in **SIC-Innovation Tech Challenge 2022**, hosted by Samsung Innovation Campus.
- **5th Place** in **Mobile App Development Competition**, hosted by Hoa Sen Campus.
